WE LOOK FORWARD TO A SUCCESSFUL PARTNERSHIP

Dear Sir or Madam,

Berlin and the history of the GDR are invariably interconnected. Under the motto »a hands-on experience of history«, the DDR Museum offers visitors the opportunity to learn about life in the GDR in an interactive and playful way. With over half a million visitors a year, the DDR Museum is one of the most popular museums in Berlin.

As a cooperation partner, we offer a diverse range of services in addition to a classic visit to the museum, with or without a guided tour. Our modern conference room offers numerous opportunities for events, talks with contemporary witnesses and seminars.

We are always here to serve your individual requests and offer you a seamless booking process. Service quality is more than just a promise for us—it is the basis of our work.

Welcome to the DDR Museum and enjoy the experience!

A HANDS-ON EXPERIENCE OF HISTORY

The permanent exhibition invites visitors to learn about everyday and political life in the GDR and to expand their own knowledge in an engaging way. Basic knowledge of GDR history is not required. Authentic exhibits as well as numerous interactive and unique multimedia installations characterise the exhibition.

We take our motto »a hands-on experience of history« literally: visitors do not simply look at display cases, but must also actively participate to experience the exhibition. Exhibits can and should be touched, objects used, flaps lifted and drawers pulled open. There is something for visitors to discover, touch and experience in every stage of their exciting journey through time to the socialist past.

The museum places great emphasis on interactivity in the exhibition: futuristic technology such as multilingual multi-touch screen applications, motion sensors and a »Trabi« driving simulator convey history in a playful way. Many of the installations can only be seen exclusively in the DDR Museum.

A unique experience is offered by our authentically furnished prefabricated flat, which can be entered via a simulated lift. You can move around freely in the children's and teenager's room, the bedroom, the living room, the kitchen and the bathroom. Cupboards can be opened, you can take a seat on the living room sofa and watch East or West German television from 1983.

LISTENING TO HISTORY

A GUIDED TOURS IN THE DDR MUSEUM

1 Introduction 60 MIN

Here, experienced guides give visitors a brief insight into the most important topics related to everyday life in the GDR, from »work« to »economy«.

2 Overview tour 90 MIN

In addition to an overview, this tour offers the opportunity to deepen knowledge of individual topics, such as »public life«, »party and state« or »life in a tower block building«.

3 In-depth tour 120 MIN

During this tour, numerous topics of the permanent exhibition are explained and illustrated in detail to the visitors. The group can set individual priorities.

B COMBINED TOURS

1 Party and State 120 MIN

The DDR Museum is located in the former centre of East German power. A one-hour museum tour is followed by a further hour visiting the site of the former Palace of the Republic, the State Council Building and the Headquarters of the Socialist Unity Party.

2 The Karl-Marx-Allee 180 MIN

A one-hour tour of the DDR Museum is followed by a two-hour tour of East Germany's most prestigious boulevard. Designed to embody the victory of Socialism, the Stalin-era flats actually provided the starting point of the worker's uprising on 17 June, 1953.

C CITY TOURS

1 The Berlin Wall 120 MIN

During a two-hour tour the group will explore the former death strip between West and East Berlin, located between Eberswalder St. and Bernauer St.

2 Opposition in the GDR 120 MIN

This tour leads groups through Prenzlauer Berg and shows what kinds of opposition existed, for example those of artists, intellectuals, punks and members of the church. This resistance eventually led to the Peaceful Revolution in the 1980s.

3 Everyday life in the Capital of the GDR 120 MIN

This tour shows everyday life in the capital and takes the group to authentic places, such as the Marienkirche, the TV tower, the Centrum Warenhaus on Alexanderplatz, the Red Town Hall, the Nikolaiviertel district and the former Palace of the Republic.

4 Berlin-Mitte 240 MIN

This four-hour tour through the centre of Berlin takes visitors to the boulevard Unter den Linden, the Brandenburg Gate, Checkpoint Charlie, the Memorial to the Murdered Jews of Europe and other locations significant to the history of Berlin in the twentieth century.

5 Berlin-Mitte [short version] 120 MIN

This two-hour tour guides you through central Berlin. An individual focus chosen by the group is possible.

D TALKS WITH CONTEMPORARY WITNESSES

Talks with contemporary witnesses of the GDR offer a first-hand account of everyday life in East Germany. Audiences can ask questions and gain a vivid appreciation of the special quality of life in East Germany. We provide witnesses who can speak about almost any aspect of life in the GDR including everyday life, school life, work, oppositional activities and imprisonment by the Stasi.

Talks are also offered in foreign languages.

A thematic focus is possible for all tours.

OUR VISITORS

The DDR Museum has set itself the aim of disseminating a lively interest in history amongst all sections of society. Our exhibition is designed to make history accessible to a broad public, regardless of their level of knowledge. All exhibition texts are written in German and English. Additional services are available in twelve languages.

Since the opening of the DDR Museum in 2006, the number of visitors has risen. Since 2012 well over half a million Berliners as well as tourists from Germany and abroad experience »hands-on history« in our museum each year.

Due to the large number of interactive exhibition elements, the museum is suitable for every age group, even for primary school children. Target group-specific guided tours, games and workshops also introduce younger generations to German history.
